Happy New Year Everyone

I hope everyone had a good and safe new year.

I attended two marine corps bashes celebrating the marine corps birthday.

I attended three growls.

1.Pound 22 Lancaster County

2.RM Butterwick

3.Pound 038 Keystone Northeast

I attended 3 veteran funerals.

I would of liked to do more but medically I couldn't do it.

I had my gull bladder removed, then colon surgery had a couple hick ups with this. I started chemo then I got covid and had to stop chem for 21 days then restart chemo. That's not saying how many tests in and out of the VA I went through but I was busy.

Since getting covid my doctors suggested to stay away of large gatherings until I'm done chemo, with that said I will not be attending this growl.
